

STRAIGHT AND LEVEL

Newsletter of the Keystone Chapter of the 99s

February 2010

January Meeting

Our January meeting was a busy one, with two new people and lots of work on our flying companion social. First, we met Kathy Audra, who has joined our chapter. She initially joined the 99s in 2006. She has her instrument and multi-engine ratings and is working on her commercial. She applied for a chapter scholarship, so we questioned her on her goals and accomplishments so far.

We also met LuAnn Noll, who with her husband has a Cessna 170 at Arner.

Much of the meeting was spent discussing details of the flying companion social. We narrowed down the date to March 20, 21, 27 or 28. Since the meeting at least a dozen possible locations were investigated, with most eliminated on price. The Queen City Airport lobby is still a possibility, as is Denny's on Airport Road or the Bethlehem Public Library. Jen is working with Larry Hemberger at the LV Airport Authority to mail invitations and arrange for meeting space. Jen will also be drafting an invitation. We will certainly try to complete the details at our next meeting.

Also discussed was the need for a fundraising activity. A spring flea market with sales of donated items is planned. Keep your eyes open for any local venues, and set aside donations when you do your spring housecleaning.

Next Meeting
Wednesday, Feb. 17
7:00PM @ ABE Hangar 7
600 Hayden Circle, Allentown, PA
